

Level 3 Extended Project Qualification

The Extended Project is a stand-alone qualification which will develop and extend from one or more of the student's study areas and/or from an area of personal interest or activity outside their main programme of study. It will be based on a topic chosen by the student(s) and agreed as appropriate by the school.

Delivery of the Extended Project Qualification involves some teaching of the necessary skills, supervision and assessment of the student's progress. It will involve extended autonomous work by the student.

Students are required, with appropriate supervision, to:

- choose an area of interest
- draft a title and aims of the project for formal approval by the school
- plan, research and carry out the project
- deliver a presentation to a non-specialist audience
- provide evidence of all stages of project development and production for assessment.

This qualification carries a UCAS points value of 50% of a whole A level. This reflects the fact that the qualification is very well recognised by universities who like the independent research and learning skills that the project assesses.

If you'd like to know more about this qualification and have examples of the project titles students have done in the past, please talk to either Mrs Mason or Mr Spiers or email at hmason@jogschool.org or espiers@jogschool.org
